WHAT IS G-FORCE?

G-FORCE is an **exclusive community of entrepreneurs** who have dedicated their lives, businesses, and resources to being a **force for good** in the world.

We are a **mastermind group** that provides the *tools, education, and network* needed to scale business' profitability and impact.

We believe that through the creation of opportunity we can create sustainable businesses that end world issues.

G-FORCE FOUNDER

BRITNIE TURNER

Britnie Turner founded Aerial at the age of 21 with the mission of elevating people and places. Britnie has since formed multiple companies under the Aerial brand, all accelerating the mission of *empowering people, sustaining the planet, and utilizing capitalism as a force for good.*

Through the success of her companies, Britnie is **resetting the standard for what is possible when business is used as a force for good.** She has won several national and international awards for speed of growth, innovation, and trajectory including **Forbes 6th Fastest-Growing Woman-Owned Company in the World** and **Fortune's #3 Fastest-Growing Urban Company.**

Britnie created G-FORCE because it is the network of **purpose-driven entrepreneurs** that she *wished* she would have had when starting out in business.

Through weekly interaction with Britnie and her network of impact entrepreneurs G-FORCE members are given the **tools, education, and resources** to grow their own purpose-driven businesses and fulfill the calling for their life.

Everything that Britnie touches is with the goal of elevating people and places and G-FORCE is no exception. Through this community Britnie aims to teach people that **there is more to business than profit** and that **when the focus shifts from money to impact, business growth is exponential.**

1-ON-COACHING TESTIMONIALS

"As an entrepreneur, it's hard to know what your purpose is and how to apply that across all of your different businesses. The experience with Britnie was phenomenal. She has an uncanny ability to take the big goals and break that down to what that looks like on a daily schedule."

- Ben L., Real Estate + Entrepreneurship

"My life pre-Britnie I don't think I knew what I was actually trying to achieve rather than just surviving. Britnie helped me identify my **why** and she gave me the tools to organize my life and have confidence to go out there and work towards it. She dives into every aspect of my life and helps me intertwine them so they all work together and filters through my why."

- Gina T., Real Estate + Mindset

"I made a lot of different changes in my life this year that I wouldn't have made. I wouldn't have had the encouragement to step outside of my comfort zone and chase my dreams to really see what that looks like had it not been coaching with Britnie and G-FORCE."

- Bryson S., Real Estate + Entrepreneurship

"You are genuinely trying to hit all facets of life: what is happening in the world, how can I educate you financially, how can I educate you in marketing, and how can I give you new ideas. It's a whole life call and I love the way you have structured it because there is no reason to fail."
